in numbers:

Every day, we clean

40 million sq. ft

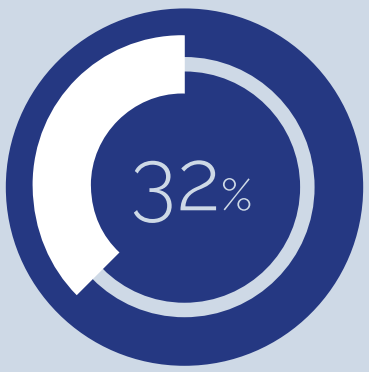
of retail, distribution, pharmaceutical and office space.

That's the equivalent of cleaning the total floor space of The Gherkin

74 times!

We employ over **7000 staff** across our business. If we laid them all head to toe they would stretch over 11 kilometres. That's the same as **38 Eiffel Towers!**

By switching to a hybrid company car fleet we have reduced our CO_2 emissions.

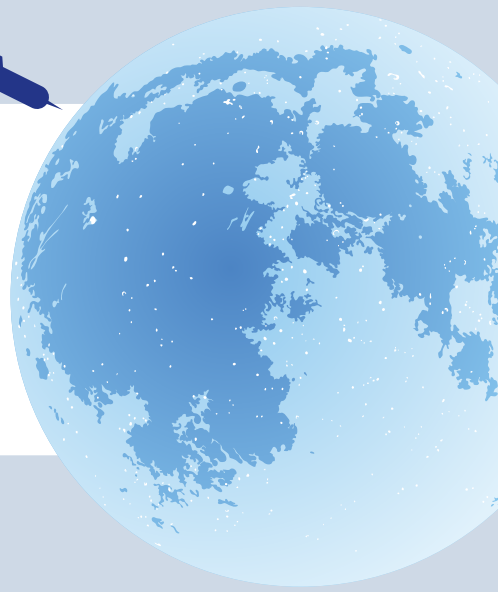


By moving to our electronic payslip system we have reduced our paper consumption by

312 reams every year.

Our managers deliver over **15,000 hours** of training each year - that's more than 41 hours for each and every day in the calendar!

Our longest serving current employee has been with us for more than **25 years** - that's 122 times longer than it took Neil Armstrong to get to the Moon.



There are players from 67 countries in the Premier League - TCFM's team is made up of

77 different nationalities.
